## INTRODUCTORY REMARKS.

---

THE following List contains the names of all the young men who have presented themselves to study at St. Charles', and are inscribed in the Entrance Register of this Institution. Mention is made of the classes which they attended, and of the time at which they entered and left.

The sign (C) is inserted after the name of those who have obtained the Certificate of Distinction in their studies since 1881, the first year in which it was conferred.

Priests and members of religious communities are indicated by the usual signs. The date of ordination is added when it could be ascertained. Information concerning these last facts was obtained from the register of St. Mary's Seminary, the written notes of the late Rev. Father Menu, personal remarks of other members of the Faculty, and, also, from the communication of Very Rev. Father Puissant, late Superior of the Seminary of Troy, who kindly consulted his register for our benefit.

No report, however, is given of the profession of those who have remained among the laity, many of whom hold important and honorable positions in the world. Although these particulars would be very interesting, and the work of gathering them could be undertaken later on, if sufficient details were received, yet the data on hand are not yet sufficient to authorize their publication.

The same difficulty of obtaining complete information has been the reason why no attempt could be made to notice the deaths which have occurred among the students.

The compiler will be thankful for being made aware of any omission or any mistake that may be found in the List, and will make the necessary corrections in a later issue.

It is hoped that this List may be of utility in completing the organization of our Alumni Association, by making known to one another the students of St. Charles'.

Information may be sent to any of the Fathers of the College, and particularly to
