

A National Conversation on the Future of the Catholic Priesthood **Building Stronger Priests. Stronger Presbyterates. Stronger Dioceses.**

Every bishop is confronting the same reality: fewer priests, increasing pastoral demands, growing administrative complexity and the need to foster healthier, more resilient presbyterates.

Join bishops from across the United States for a two-day symposium exploring one of the nation's most comprehensive diocesan initiatives for priestly renewal.

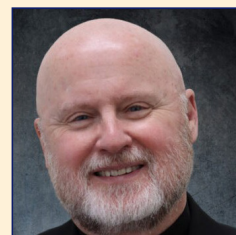

Developed and implemented in the Diocese of Fall River, the "Stronger Priests, Stronger Parishes, Stronger Church Initiative" offers a practical, data-informed framework for strengthening priests through healthier culture, stronger leadership, improved diocesan systems and renewed attention to the human, spiritual, pastoral, and missionary dimensions of priestly life.
